

# Forever

## The Birthday Massacre

Today is the first of our numbers  
We're never asleep  
Sometimes there's a voice when I close my eyes  
Sometimes I can't hear you speak Did you learn to take cover  
Or are you running away? And you see right through me  
(This shouldn't last forever...)  
We're so close  
(Now it's time to say goodbye) You wait for the sun in the morning  
I'm waiting for rain  
Sometimes you're too close when I close my eyes  
For now you're quiet again The story is over  
You never wanted the same  
Did you learn to take cover  
Or are you running away? And you see right through me  
(This shouldn't last forever...)  
We're so close  
(Now it's time to say goodbye)  
Talk to me  
(This voice is the faintest I've heard in the longest time) Now that it's tired  
Do you pretend?  
You know I do!  
Do you want to see this to the end?  
You know...  
You know I do And you see right through me  
(This shouldn't last forever...)  
We're so close  
(Now it's time to say goodbye)  
Talk to me  
(This voice is the faintest I've heard in the longest time)
