## Money Man

She do not talk to no workers (No)  
All she want is her boss (Boss)  
I told her come to the low (Low)

I told her come take it all  
Lil shawty fine and she tell me  
She wanna rev up my engine  
My niggas turn into Gremlins  
Whip up and serve you a Pigeon  
She told me money man I want me a baby  
I turned around and said "Bitch is you crazy"  
None of this shit on my neck fugazi  
My dogs be growling on fowlin like rabies  
I told Lil Shawty you fine and you tuned it  
Hop in the foreign and lock up the engine  
Meet you at Croca and say you a Pigeon  
Cooking up inside up all day the kitchen  
She do not talk to no workers  
All she want is her boss  
I told her come to the low  
I told her come take it all  
Lil Shawty fine and she tuned it  
She wanna rev up my engine  
My niggas turn into Gremlins

I told her come take it all
