If you scared go to church Ill see you in hell  
And your girl she a flip give me heads or tails  
Everybody fake so I got real for sale  
Gunpowder fill the air  
Rappers shittin on theyself you could smell the fear  
And these bitches laying flowers cause the king is near  
T-Raw this is the new flavour in ya ear  
Niggas softer than baby hair  
Why you acting tough heard you work at Build-a-bear  
Ima a dealer all my girls come in deuce and pairs

Cant see you niggas you like a little germ  
Bitches know Im excellent like Mr Burns  
See my dick like Butter churn  
Baby churn and ya girl with me foshure  
That ain't your concern  
She forgot about her other man she will never learn  
On a mic till I die RIP chick huh  
Yessir colder than the Pittsburgh?  
Winter fresher than a Will Smith T-Shirt  
These spurts coming through Last King and a hearse  
Ask later shoot first got shooters like dirt  
When it hurts leave you losers bruised up  
Bruce Lee nunchucks  
Toe from the floor up though  
Duck rubber duck now you like oh shucks  
Tell the neighbours I dont give a fuck
