

Fallin' (feat. Brittney Bouchard)

Alex Midi

Hold your hands up to the sky
Feels like you could even touch the stars
It's never too late
Take a breath and jump off the edge
Take my hand, we can go so far away

'Cause you and I
could fall in love tonight
Maybe, you and I
could fall in love tonight

I'll take you high
We'll fall in love tonight

Just one night, just tonight
Just one night, just tonight

Flash like lightning when we kiss
Your magic touch is all ever I need
It's never too late
Take a breath, jump off the edge
Take my hand, we'll go so far away

'Cause you and I
could fall in love tonight
Maybe, you and I
could fall in love tonight
Late at night, I'll make you love me right
I'll take you high
We'll fall in love tonight

Just one night, just tonight
Just one night, just tonight

Late at night I...
You and I...
could fall in love tonight
I'll take you high
We'll fall in love tonight
