Zombies Ate My Neighbors

Single File

[Chorus]
So call the neighbor kids
trash can lids and buckets on their heads,
I'm telling you we're gonna to need a little help tonight

So hey man check this out,
downtown's a riot and somethings spreading threw the crowd,
try channel 9 I'm pretty sure their headed strait for this part of town,
i cant be certain, but i swear i hear them just outside,
theirs no way that this is real
so count me in!

So grab something sharp, find some cover
kill the lights and nail the backdoor shut,
this isnt funny any more,
oh no this means war!

Don't take this the wrong way,
but I'd much rather choke and die
than sit alone and fall without a fight!!!

[Chorus]2 times

And there she was
glaring
through olive eyes
and chalk white skin
I want you to know
I won't be holding back
She stole my heart
I'll be taking hers
with a long dart now
Look at the bright side
It's not like she had one there to start
Something tells me
It's gonna be a long night

So grab something sharp, find some cover
kill the lights and nail the backdoor shut,
this isnt funny any more,

oh no this means war!
And something tells me
It's gonna be a long night

[chorus 4x]
