Stay

Hotel Apache

Oh, could you wake up
From this dream inside you?
I'm feeling arrested from the beating of your heartI'm feeling impatient somehow
And I just cannot revive you
But I know you'll always be the sameLet me get back, let me get back
Into this introspective thinking
Let me get lost, let me get lost
'Cause love is taking overNow I'm runnin' away, runnin' away
From all of the problems that you made it
But you know that
I can't stay with you
It's my fault yeah
And I said I'm sorry
But you know that
I can't stay with youThere's nothing more that I want to do
Just be there for you
But I can't stay with youI've been reminiscing on a gold mine
And my old ways
I had a premonition for a long time
That you won't stayI'm taking it back to when I always looked out for you
Cause that's just what I doIt's my fault yeah
And I said I'm sorry
But you know that
I can't stay with you
There's nothing more that I want to do
Just be there for you
But I can't stay with youI'll never be the one you want to love
But I will be there
And when I told you that our hearts were not divine
I didn't mean thatBut I'll never be the one you want to love
But I will be there
And when I told you that our hearts were not divine
I didn't mean thatIt's my fault yeah
And I said I'm sorry
But you know that
I can't stay with youThere's nothing more that I want to do
Just be there for you
But I can't stay with youIt's my fault yeah
And I said I'm sorry

But you know that
I can't stay with youThere's nothing more that I want to do
Just be there for you
But I can't stay with you
