

# Only the Ones We Love

[Tanita Tikaram](#)

Oh, you can't say nothing to the pouring rain  
And you can't say nothing till there's hope again  
Say, oh my baby, you must never change  
For we're only the ones we love And I've stood stolen by the pauper's heart  
Yes, I've stood stolen where the aching starts  
But the way you watched it's a life apart For we're only the ones we love  
Only, only, you're the only one who could say  
I could love this way, I could love this way Oh, you can't get even with this kind of pain  
But to see you steady brings the calm, again  
Say, oh my baby, let them stay the same  
For we're only the ones we love And they've seen something which I'll never see  
But I dreamed something when you fell for me  
Yeah, I dreamed something which soars above For we're only the ones we love, only the ones we love  
Yes, love, love, this love, love Oh, I get tired and I get old  
But to see you steady brings a flood of gold  
Say, oh, my baby, I've been taught and told We're only the ones we love, only the ones we love  
Love, love, this love
