

# Here I Iz

## Erick Sermon

Yo, here I iz on radar  
A sixteen verse burst, the last two are 8 bar  
'Cause by that time I been did damage  
The type 9/11, so duke call the reverendSermon, the rappin' Mandingo  
A mega producer, more drunk than Ringo  
'A Star Is Born', Erick Streisand, the E, I'm nice man  
A rock star, I use a mic standSo everybody gather round by the speaker  
To hear things clear, the blood comin out the ear  
I'm a day walker, the rap be the serum  
My Squad still Def and you still can't hear 'emIf you was a shadow, you couldn't get near 'em  
Even if there's 'Thirteen Ghosts', you couldn't fear 'em  
Look outside, there's 24's on my Cadd  
I'm a Big Boi droppin' 'Bombs Over Baghdad'Here I iz, Sermon, yeah, I'll mark an E on your back  
Yeah, that's my man throwin' downYeah, it's like street hop, the beat knock  
I'm what time it is on my clock, on my block  
I'm rockin', I got the Earth in a cradle  
Youse a baby and not quite able'The Ring' appears when you're facin me  
Death comes time after, some say it's the rapture  
I'm closed captioned, boy I'm Phil material  
Yeah, Francis Ford Coppola, E-Dub's the openerSee you at your burial, 'Wack MC' on your gravestone  
Atlanta, I get busy in the Braves home  
I'm on your head, Ted Danson, cheerin'  
You forgot Squad is Def and we hard of hearin'The star vet got a Star Trek phone  
Extraterrestrial, to see who phone home  
Got more dough than me, man stop it  
Green shit, I got Shrek in my front pocketHere I iz, Sermon, yeah, I'll mark an E on your back  
This is a warnin', ayyyo, attention all personal, yeah, c'mon
