

# Struttin' in the Stix (feat. Haden Carpenter)

## Big Smo

You won't find no city lights  
Way back up in the woods  
We don't need no neon signs  
Tellin' us what's good  
So make your way out to our spot  
Come and get your Kuntry fix  
Where the girls are hot  
And the beer is cold  
We're struttin', struttin', struttin'  
In the StixHell yeah we struttin' in the stix (x 4)Back home they say the smaller the town  
You now the sweeter the pine  
I say the finer the women  
You know the quicker the shine  
Goes bye bye  
Now get it when the getting' gets done right  
And pile on up like a 12 pack of Bud Lite  
Bonfire party with a dozen fine dimes  
Sippin' Pappy's moonshine  
Now we talkin' good times  
Get 'em shakin' and bumpin'  
Can't fake it when they love it  
Gotta break 'em of somethin'  
And have the whole town runnin'  
You ain't never seen gritty  
Like a backwood hillbilly  
Middle of the city  
Slangin' mud from an F-50  
Straight hell-raisin'  
Claimin' that we amazin'  
We done did it like we did it  
And we'll do it again  
Come onNow when the getting' gets to gettin' it  
You gotta get 'er done  
So crank it on up for some good ol' fun  
You might find yourself out in the middle of the stix  
Where I know some rednecks who be gettin' they  
fix  
With some half-dressed dimes  
Dippin' and spittin'

On the tailgate sippin'  
With them banjos pickin'  
That ol' Outlaw Kuntry  
Ain't no City Slickers  
Go on and fire up the grill  
With the cow, pig, and chicken  
Meat Mud smothered  
With all the right fixin's  
And a cooler full o' brew  
That Pabst Blue Ribbon  
We are who we are  
Damn proud to admit  
We them backwood hicks  
Who be struttin' in the stix
