

# Baby, You've Got What It Takes

Michael Bublé©

You got what it takes baby  
Woo, come and sing with me  
Well, it takes more than a robin to make the winter go  
And it takes two lips of fire to melt away the snow  
Well, it takes two hearts a-cookin' to make a fire grow  
Ooh baby, you've got what it takes, yeah  
You know it takes a lot of kissin' to make a romance sweet  
Mmm, it takes a whole lot of lovin' to make my life complete  
And it takes a whole lot of man, yes, it does to knock me off my feet  
Oh, oh baby, see you've got what it takes, yes, you do  
And I say, mmm, oh, ooh  
You know you've got just what it takes  
And it takes more than an effort to stay away from you  
And it takes more than a lifetime to prove that I'll be true  
But it takes somebody really special to make me say, I do  
Oh and baby, you've got what it takes, yes, you do  
Ah, mmm, ah, mmm  
  
See you know you've got just what it takes  
'Cause it takes more than an effort to stay away from you  
And it takes more than a lifetime to prove that I'll be true  
But it takes somebody special to make me say, I do  
And you know baby, baby, see you've got what it takes, yes, you do  
Oh baby, baby, baby, baby, you've got what it takes, yes, you do  
Oh baby, baby, you, you've got what it takes  
Oh, don't matter if you're going gray baby  
Don't matter how you wear your hair baby  
Don't matter if you wear those fancy clothes  
Oh, it don't matter where you wanna go, I'll be with you  
Yes, I do, yes, I love you  
And you, you, you, you've got what it takes  
Oh, baby, oh you, you, you, you've got what, what it takes there  
Baby, baby, baby, you've got what it takes  
Really something special about you, really something special about you  
Oh, oh, oh yeah
