## Mack 10

Hey Squeak, what's up nigga  
Hey, hey loan a nigga a thousand  
A thousand, nigga, I ain't got no thousand  
We can go get a thousand, we can go get a thousand?  
Yeah, we can go get a thousand  
We goin' to go get a thousand then  
Fuck around and get two or three  
We goin' to get it I got my mind made up and it's on  
I got to get it, well, let's get into it  
Nigga, we on the grind, say what  
Well, tonight is mine and tonight is mine Big body Benzes Daytonas and rag 'Rarris  
Killa Cali is the state and it's wild as the safari  
We hustle cook keys claim B's and C's  
And we attack like Pit Bulls and Rottweiller pedigrees  
With a tech this connect nigga what you expect  
Dub SCG tatoood on my neck  
As I parlay you do what you do I do what the dollar say  
I'm a street nigga punk my pistol smoke like Doc Holiday And I sell everythang homie now tell me what you  
want  
You got to have this caviar fool so don't say you don't  
Illegal or legit hit after hit I keep ya head bobbin'  
In all black like Batman give it to me or I'm robbin'  
Now what you gone do hand over the goods or do I take 'em  
Now do you keep little busta niggas in ya camp or do ya shake 'em  
It's Mack 10 once again in ya ear like a diamond  
And while the street lights is shinin' all through the night I keep grindin' I got my mind made up and it's on  
I got to get it, well, let's get into it  
Nigga, we on the grind, say what  
Well, tonight is mine and tonight is mine I got my mind made up and it's on  
I got to get it, well, let's get into it  
Nigga, we on the grind, say what  
Well, tonight is mine and tonight is mine Back the fuck up 'foe I act the fuck up  
Keep makin' big heads 'til they stack the fuck up  
I need major scrill that's real it don't stop until then  
Now watch this OG ghetto survillian check a million  
Quick fast got to have it man so I use muscle  
Straight timin' dedication dog and all about hustle I hit ya like boom bam don't ya know who I am  
I got this shit by the bird half O-Z or the gram  
But never ever let a nigga owe you that don't know you

And don't trust no fuckin' bitch but get one that's down foe you  
Late night to early morn' it's on in the war zone  
Man, life's a gamble dog if you crap out you gone I got my mind made up and it's on  
I got to get it, well, let's get into it  
Nigga, we on the grind, say what  
Well, tonight is mine and tonight is mine I got my mind made up and it's on  
I got to get it, well, let's get into it  
Nigga, we on the grind, say what  
Well, tonight is mine and tonight is mine Yeah once again the undefeated dub SCG  
Mack 10, Squeak are you slappin' you bitch niggas  
On the ass for being the busters you present yourself to be  
That's right I got my mind made up and it's on

Well, tonight is mine and tonight is mine I got my mind made up and it's on  
I got to get it, well, let's get into it
