

Do the Walls Come Down

[Carly Simon](#)

Do the walls come down
When you think of me
Do your eyes grow dim
Do the walls come down
When you think of me
Do you let me in No think like a rainy night
To set your heart rememberin'
Nothing like a vivid dream
To take you back again When you think of me
Do your eyes grow dim
Do the walls come down
When you think of me
Do you let me in Something in my pocket
That was written years ago
In faded ink says, You are my fire
Do you think so...
