

# Miracle

[Oceanlab](#)

Don't they know that there's something going on  
What they're harming with their indecision  
But who will be left standing when I'm gone?  
There'll be nothing left but a vision

It's too easy to turn a blind eye to the light  
It's too easy to bow your head and pray  
There are some times when you should try to find your voice  
This is one voice that you must find today

Are you hoping for a miracle

As the ice caps melt away?  
No use hoping for a miracle  
There's a price we'll have to pay

It's too easy to turn a blind eye to the light  
It's too easy to bow your head and pray  
There are some times when you should try to find your voice  
This is one voice that you must find today

Are you hoping for a miracle  
As the ice caps melt away?  
No use hoping for a miracle
