

Pitiful

Taylor Hawkins & The Coattail Riders

Mother save me
They keep hanging around like clouds
Mother save me
'Cause I can't put it down, not proudTake this light off of me
'Cause I don't want you to see
Just how weak I can beMother save me
I'm no good when I'm alone, alone
Mother save me
Can't pay what I owe and I stoleTake this light off of me
'Cause I don't want you to see
What this world's done to meTake this light off of me
'Cause I don't want you to see
Just how weak I can beMother save me
There's nowhere left to hide except inside
Mother save me
'Cause this boy's lost his way again
