Night Crawler

EZO

Raw skin, razor wind, rippin' up your street
Spittin' out your name in driving rain, revenge is sweet
Shadow man, shadowland, rainbow's turning black
Your desire played with fire, now watch your back
'N realize you're looking in the eyes of madness
I know you're home, you'd better be alone tonight

Night crawler, knockin' on your door
Night crawler, slidin' 'cross the floor

Hidden eyes, lidless eyes, just can't get no sleep
So I'll wait right here 'til you appear, my threat to keep
Night spawn on your lawn, now the worm has turned
Your desire played with fire, you're gonna burn
Pull up my coat and stare into the throat of darkness
I see the light, I gotcha in my sights right now

Night crawler, knockin' on your door
Night crawler, slidin' 'cross the floor

Pull up my coat and stare into the throat of darkness
I know you're home, you'd better be alone tonight

Night crawler, knockin' on your door
Night crawler, slidin' 'cross the floor
Night crawler, knockin' on your door
Night crawler, slidin' 'cross the floor
Night crawler, venom in my kiss
Night crawler, I'll make you pay for this
Night crawler
Night crawler
Night crawler
