

Laid Back

Crash Test Dummies

I'm laid back
I'm cool Jack
I went away
But now I'm back
I don't worry
I never hurry
People give me crap
But I cut them some slack
I'm laid back, yeah

I'm laid back
I'm so relaxed
Never gonna have a heart attack
My hands are steady
I'm always ready
You can put the pressure on
but I won't crack
I'm laid back, yeah

I'm la la la la la laid back
I'm la la la la la laid back

â™«

I feel fine
All the time
My baby left me
But I don't mind
Got my thing together
I'm saddled up in leather
I right my lines
And they always rhyme
I feel fine, yeah

I'm fa fa fa fa fa fine
I'm fa fa fa fa fa fine

I'm laid back
I'm on track
People try to mess with me

But I step back
I dn't hussle
Don't flex my muscle
I sing so sweet
People ythink I'm black
I'm laid back

I'm la la la la la laid back
I'm la la la la la laid back
