Dead Body

Chet Faker

over my dead body i'll never shake this feeling away
someone told me they bet i'll be sorry
i can't be wrong enough
so do we fail if you don't want me now
is this wrong to see life under the lifei can be wrong if not then leave without mecause you don't belong with me
nobody grows for free
sometimes is good to be here
lost in your head
i said, over my dead body
i'll never shake this feeling away
someone told they bet i'll be sorry
but i can't be wrong enoughso do we fell if you don't want me now
is this wrong to see life under the life
i can be wrong if not then live without me
for me to see similar
