So Hard To Share

John Mayall

So hard to share
The one you love with another guy
So hard to share
The one you love with another guyWhen she's with you
You fear your time will soon expireWhere are you girl?
I want to love you when I can
Where are you girl?
I want to love you when I canIf he keeps you locked up
All my wishes have no chanceIf she loves him that's okay, yeah
I want to step back keep control
If she loves him that's okay
I want to step back keep control[Incomprehensible]
