Money To Be Made

The Hoosiers

Put up your barricades
There's money to be made
Continue your charade
Money to be made
What you're asking for means the world to me
You draw close as you whisper precisely
Precisely
Your safety is assured,
Behind those eggshell walls
Of yours
You're safety is assured,

Behind those eggshell walls
Of yours
Friends and family fly by on wings of faith
Faithlessly I don't recognise a face
Not a single face
Take this sorry soul
Made enough of a mess on my own
On my own
Put up your barricades
There's money to be made
