Ladytron

Distance versus time
Cutting verses down to size
Focus versus tears versus how did I get here
Versus curses in your eyesForce of nature versus range
Nature versus what is strange
There's a fire starting here versus there's nothing to fear
Versus lonely versus safeLike a kitten versus rain
A cathedral versus love versus shame
Free versus out to sea
Versus versus versus me, versus meDistance versus time
Cutting verses down to size
Focus versus tears versus how did I get here
Versus curses in your eyesForce of nature versus range
Nature versus what is strange
There's a fire starting here versus there's nothing to fear
Versus lonely versus safeLike a kitten versus rain
A cathedral versus love versus shame
Free versus out to sea
Versus versus versus me, versus meLike a kitten versus rain
A cathedral versus love versus shame
Free versus out to sea
Versus versus versus me, versus me
