Carbon Copy Elitist

Handguns

I don't wanna talk about all your favorite records
and I don't really care what bands you think are better
You're just another hypocrite
In a room that's filled with idiots
You and I both know it (FUCK!)
How can you expect to grow
When vanity's all that you know?
Save your breath and swallow your pride
You won't go far with that state of mind (GO!)
WHOA
Yeah, you got in on the guest list
You know you couldn't resist it
The idea of another empty friendship
and I hope it's worth it
