

# Miss Popular

Jay Sean

Its like ooh, oohI wouldnt mind waiting on somebody like you  
I know you heard it all before  
But baby its true  
I tried to look the other way when I saw you walk by  
So you wouldnt think I was one of those guysWho be sayin I got money and I could buy  
Buy you everything you ever wanted  
But thats all lies  
Cause baby on the real if I had one of you  
I could give you all the things that I love its true  
Baby thats why Im gonna try  
Im gonna try with youEven if I gotta stand out in a line  
Stand out in a line Ill stand in a line  
While a million guys all fight to catch your eye  
Fight to catch your eye Ill fight to catch your eye  
Imma make you mine I would find a way  
When everybodys gone Ill be here to stay  
Everybody wants miss popular  
But I mean what I say baby  
Miss popular ooh ooh ooh  
Miss popular ooh ooh oohI wouldnt mind waiting on something so soft  
Dont wanna use imagination Id rather take it off  
Clothes off  
When you get it you gon understand  
You aint gonna need no other man  
Ive been waiting on this moment for so long yeahThey be saying I got money and I could buy  
Buy you everything you ever wanted  
But thats all lies  
Cuz baby on the real if I had one of you  
I could give you all the things that I love its true  
And baby thats why Im gonna try  
Im gonna try with you my girlEven if I gotta stand out in a line  
Stand out in a line Ill stand in a line  
While a million guys all fight to catch your eye  
Fight to catch your eye Ill fight to catch your eye  
Imma make you mine I would find a way  
When everybodys gone Ill be here to stay  
Everybody wants miss popular  
But I mean what I say baby  
Miss popular ooh ooh ooh

You know you my you know you my  
Miss popular ooh ooh ooh Everybody looks, everybody tries  
Not everybody takes their time  
Imma be the one to go the whole nine  
Watch Imma make you mine  
And I know I aint got a thing to prove  
So baby when I tell you that Im your guy  
Im in this thing for life  
Baby I...Even if I gotta stand out in a line  
Stand out in a line Ill stand in a line  
While a million guys all fight to catch your eye  
Fight to catch your eye Ill fight to catch your eye  
Imma make you mine I would find a way  
When everybodys gone Ill be here to stay  
Everybody wants miss popular  
But I mean what I say  
Miss popular ooh ooh ooh  
Miss popular ooh ooh ooh  
Miss popular ooh ooh ooh
