

# On the Street Where You Live

Eddie Fisher

I have often walked down this street before  
But the pavement always stayed beneath my feet before  
    All at once am I several stories high  
Knowing I'm on the street where you liveAre there lilac trees in the heart of town?  
    Can you hear a lark in any other part of town?  
    Does enchantment pour out of every door?  
No, it's just on the street where you liveAnd oh, the towering feeling just to know somehow you are near  
The overpowering feeling that any second you may suddenly appearPeople stop and stare, they don't bother me  
    For there's nowhere else on earth that I would rather be  
    Let the time go by, I won't care if I  
    Can be here on the street where you live
