Good To Know

Spitball

Hello old friend
I know it's been a while, I'm here again
And it won't be the last time I fall apart
But you won't let me get too far
You're speaking to my heart
It's good to know, it's good to feel the arms of grace
To know that my mistakes are covered by your love
It's good to know, it's good to see that you won't change
When it's said and done you'll always be enough
To know that I can always come back home
It's good to know, it's good to know
Goodbye old me, yeah
There's so much more that I know I could be
So take my worries with you when you leave
It's hope that I am counting on
'Cause I'm never too far gone
It's good to know, it's good to feel the arms of grace
To know that my mistakes are covered by your love
It's good to know, it's good to see that you won't change
When it's said and done you'll always be enough
To know that I can always come back home
It's good to know
It's good to know that there's a second chance
Knowing it's all in your head
Even if I just don't understand
'Cause I know that I will be alright
You'll finally see the other side
It takes the darkness to open up your eyes sometimes
It's good to know, it's good to know
I'm covered by your love
It's good to know, it's good to see that you won't change
'Cause when it's said and done you'll always be enough
To know that I can always come back home
To know that you will never let me go
It's good to know, it's good to know
It's good to know, it's good to know
