

Medicine

Biffy Clyro

[Verse 1]

I was done talking, but I still couldn't sleep
I rolled out my medicine, to forget me
I tried not to disappoint you, but I didn't achieve
Cause I have a problem, and I need to get some[Chorus]

I shouldn't waste my time

Having you around

What was up's gone down

You take your road, and I'll take mine[Verse 2]

I don't want to talk about it unlike you

Your victimhood, your character, it defines you

And then you rearrange it, caress it into view

You invent your problems, and then you sell them[Pre-Chorus]

So help me, why can't this be love?

Tell me, why can't this be enough?

When is high ever high enough?

It's all I've ever hoped for[Chorus]

I shouldn't waste my time

Having you around

What was up's gone down

You take your road, and I'll take mine[Bridge]

So swallow your problems

We belong to a new dawn

So swallow your problems

We belong to a new dawnIf she asks should I tell her?

If she asks should I let her know?

We'll never be together

We'll never see each other grow(so swallow)

(your problems)

(we belong)

(to a new dawn)[Chorus]

I shouldn't waste my time

Having you around

What was up's gone down

You take your road, and I'll take mine[Outro]

I was done talking, but I still couldn't sleep
