

Change Me

Matt Goss

You know that I love you, you know that I love you
You know that I need you, you're my every, I breathe you
You know that I love you, you know that I love you
You know that I need you, you're my every, I breathe you So, don't try to change me, so, don't try to change me
Why would you change me, why would you change me
Baby, I will let you go
So, don't try to change me, so, don't try to change me
Why would you change me,
Baby, I will let you go Why must I, decide on, whether I love you or the world
You met me, you fell deeply, in love with me so what is the problem now Everything you loved before, you
don't love no more
Everything I did for you, you don't want no more
Maybe I'm not quite the man you've been looking for
Would you agree, so how can you not see You know that I love you, you know that I love you
You know that I need you, you're my every, I breathe you
You know that I love you, you know that I love you
You know that I need you, you're my every, I breathe you So, don't try to change me, so, don't try to change me
Why would you change me, why would you change me
Baby, I will let you go
So, don't try to change me, so, don't try to change me
Why would you change me,
Baby, I will let you go You knew I, I had my, my vices
You said you could handle it
But you lied, cause you tried, to change me, mold me, and now Everything you loved before, you don't love no
more
Everything I did for you, you don't want no more
Maybe I'm not quite the man you've been looking for
Would you agree, so how can you not see You know that I love you, you know that I love you
You know that I need you, you're my every, I breathe you
You know that I love you, you know that I love you
You know that I need you, you're my every, I breathe you So, don't try to change me, so, don't try to change me
Why would you change me, why would you change me
Baby, I will let you go
So, don't try to change me, so, don't try to change me
Why would you change me,
Baby, I will let you go You can not have it your way (don't change me)
You can't make me change (don't change me)
You can not have it your way (don't change me)
You can't make me change (don't change me)

I'm gonna stay this way, yeah
Can't stay this way
Oh I love, you know that I love you, you know that I love you
You know that I need you, you're my every, I breathe you
You know that I love you, you know that I love you
You know that I need you, you're my every, I breathe you
So, don't try to change me, so, don't try to change me
Why would you change me, why would you change me
Baby, I will let you go
So, don't try to change me, so, don't try to change me
Why would you change me,
Baby, I will let you go
