

Our Waltz

David Rose and His Orchestra

Our waltz is music fashioned in heaven,
Angels composed it for us to dance to.
Our waltz is moonlight trembling with kisses,
Each note a heartbeat throbbing with love.

Angels were watching one day,
And our love was their inspiration!

Our love is Springtime filled with a promise,
Never to fade with the dawn,
And though you are gone
Our waltz will play on.

Angels were watching one day,
And our love was their inspiration!

Our love is Springtime filled with a promise,
Never to fade with the dawn,
And though you are gone
Our waltz will play on.
