King Kong Song

Consumed

You look good to me, oh can I take your picture?
Is it fair to say that you're mine, you belong to me?
You got in for free.
It doesn't matter 'cause it's up to me.
If I had my way, the things I'd do I couldn't begin to say.
chorus:
What a piece of cake. I could be with you.
Wouldn't that be great. To decapitate your mate.
And now I'm looking back to see all the things that went wrong,
when you look just like King Kong.
Little things that go wrong.
chorus
(you look good to me).
And now I'm looking back to see all the things that went wrong,
when I look just like King Kong.
Little things do go wrong.
