

# Invincible

## Amaranthe

Can't you see who I am  
I'm invincible I am the voice in your dreams  
So come and follow me  
I am the terror unseen  
In our society Like an invincible shield  
The force inside us all  
Returned  
To strike back  
Cause I'm unstoppable  
Can't you see who I am  
I'm invincible  
Like a force that is out of control  
It's the key to achieving my goals  
Unbreakable  
(One more time)  
Can't you hear what I say  
It's a miracle  
Now you're scared that you're losing it all  
But this power runs deep in my soul  
Invincible  
(Invincible!) I am your dream in disguise  
I am your enemy  
I am the shadows you fear  
The code awakens me  
Inject the brutal vaccine  
One man against them all  
Like the truth never dies  
I'm indestructible Can't you see who I am  
I'm invincible  
Like a force that is out of control  
It's the key to achieving my goals  
Unbreakable  
(One more time)  
Can't you hear what I say  
It's a miracle  
Now you're scared that you're losing it all  
But this power runs deep in my soul  
Invincible  
(Invincible!) This power runs deep in my soul

I'm invincible  
And I will never give in  
Nor leave you behind  
A frantic wonder united we're stronger  
Can't you see who I am  
I'm invincible  
Like a force that is out of control  
But this power runs deep in my soul  
Invincible  
Can't you see who I am  
I'm invincible  
Like a force that is out of control  
It's the key to achieving my goals  
Unbreakable  
(One more time)  
Can't you hear what I say  
It's a miracle  
Now you're scared that you're losing it all  
But this power runs deep in my soul  
Invincible
