Keep on Shining

CSLSX

Keep on shining
He will be there through the hurricane
Through the pouring rain
And He will be there through the longest night
Everything's gonna be alright
The storm is gonna end
And the sun's gonna rise again
Keep on shining
Let love light up the darkest sky
And you'll be flying
Rise above all the hardest times
So hold on hold on
Be strong, be strong
Come on, come on, come on, yeah
And keep on shining, yeah
Nothing can stop the way He feels
'Cause His love's so real
No mountain top will ever be too high
'Cause with Jesus by your side
There's nothing you can't do
You're gonna make it through, yeah
Keep on shining
Let love light up the darkest sky
And you'll be flying
Rise above all the hardest times

Hold on hold on
Be strong, be strong
Come on, come on, come on
You know in your soul
You know in your heart, yeah
He will always be
Your only guiding star
Keep on shining
Let love light up the darkest sky
And you'll be flying
Rise above all the hardest times
Just hold on hold on
Be strong, be strong

Come on, come on, come on
Keep on shining
Let love light up the darkest sky
Shining
Let love light up the darkest sky
When you're near the end, He's will be your friend
Shining, it's gonna be alright
In your darkest night, He will be by your side
Shining, make it feel alright
In the pouring rain, you can call out His name
Shining, it's gonna be alright
Nothing's gonna stop
