

Want to Know

Dot Dot Dot

Back back back to let you know
Iâ€™d never let you go
Iâ€™m laughing and I donâ€™t know why
So stop this
Blinded by the thought when I will just collide
Youâ€™re drowning and you donâ€™t know why

Iâ€™ll make a scene to get you here with me
Is there anything to tell me
Want to know
Is there anything you left me
Want to know
Give me everything you asked me
Have to know
Sheâ€™ll give me everything
I can hold on

Iâ€™ll do anything you ask me
Want to know
A second chance will never last me
Want to know
And if I can make you happy
I want to know
Youâ€™ll give me everything
I can hold on to

I I canâ€™t be who you want
You never even said
You just pointed out where I went wrong
So Iâ€™ll sigh sigh
Cause I canâ€™t change your mind and you canâ€™t change my life
I guess simple is as simple does

Iâ€™ll make a scene to get you here with me
Is there anything to tell me
Want to know
Is there anything you left me
Want to know
Give me everything you asked me
Have to know

Sheâ€™ll give me everything
I can hold on

Iâ€™ll do anything you ask me
Want to know
A second chance will never last me
Want to know
And if I can make you happy
I want to know
Youâ€™ll give me everything
I can hold on to

I just donâ€™t wanna wait
She never wanted me
It could be wrong again
But thatâ€™s how it seems now
Iâ€™m just so sorry I canâ€™t seem to let it die
And if you think Iâ€™m fine I lied

Is there anything to tell me
Want to know
Is there anything you left me
Want to know
Give me everything you asked me
Have to know
Sheâ€™ll give me everything
I can hold on

Iâ€™ll do anything you ask me
Want to know
A second chance will never last me
Want to know
And if I can make you happy
I want to know
Youâ€™ll give me everything
I can hold on to
