Vandring

Isildurs Bane

Vandrer ensom pa ukjente stier
Skumringen senker seg
Roper, venter -stillheten tier
Skumringen senker segVakker sang langt av lei
Myrkledd slette I skogen
Takeslor viser vei
Myrkledd slette I skogenAlvedans I takedisen
"Kom soster, kom med oss
Kaldt, kaldt I kveldsbrisen
"Kom soster, kom med oss"Alvekongen tar meg I favn
Hoye troer kaster skygge
Glemt er mitt menneskesavn
Hoye troer kaster skyggeEnglish translate: WanderingWandering lonely on unknown paths
The twilight falls
Calling, waiting - the silence keep silent
The twilight fallsBeautiful song far away
Bog-faced plain in the woods
Veil of fog shows the way
Bog-faced plain in the woodsFairy dance in the haze
"Come sister, come with us"
Cold, cold in the evening breeze
"Come sister, come with us"The erl-king embraces me
Tall trees casts shades
My loss of humans is forgotten
Tall trees casts shades
