

# Agents Of Empire

## LLuther

I'm straining  
I'm beaten down  
I'm anger  
And I'm going to bring you roundExpel me  
I'll stay right here  
Ignore me  
And I'll find a way to say what I believe in  
The thing you try to veil or hideTo keep your empire  
Your definitions sway  
And leave your values aside  
Makes your trainee  
Now our enemy... and back again  
To keep the control on our little empireYour agents  
Your justice  
Assault all  
To keep the control  
Your freedom  
We'll sell you  
Suppress you  
And steal your fucking soulI'm straining  
I'm beaten down  
I'm anger  
And I'm going to bring you roundExpel me  
I'll be right here  
I know you... it suits you now to sell usLie to me  
Kill for me  
Steal all you can  
To keep the controlLie to me  
Kill for me  
Steal all you can  
And steal your fucking soul
