

# Nowhere We Cannot Go

## Hayden

I

I do it all the time  
Forget the man I'm tryin'  
To be because I'm climbin'  
To be because I'm climbin'

You

Yeah you were on the move  
You're not in this greasy spoon  
You're not in this greasy spoon

Hey

There's something I need to bestow  
Something you don't already know  
There's nowhere that you cannot go  
There's nowhere that you cannot go

I

I do it all the time  
Forget the man I'm tryin'  
To be because I'm lyin'  
To be because I'm lyin'

You

Spend most of your days dryin'  
All of the tears you're cryin'  
All of the tears you're cryin'

(repeat 1st chorus)

Let's ask for the cheque  
And leave this place before we're wrecked  
Oh let's get our drinks onto this mat  
Where the ice melts we will unpack  
Oh where the ice melts we will unpack

We

We do it all the time  
Forget who we are tryin'  
To be because we're tryin'

To be because we're tryin'

Hey

There's something I need to bestow

It's nothing we don't already know

There's nowhere that we cannot go

There's nowhere that we cannot go
