

It Started with a Kiss

Hot Chocolate

It started with a kiss in the back row of a classroom
How could I resist the aroma of your perfume
You and I were inseparable, it was love at first sight
You made me promise to marry you, I made you promise to be my wife
But then you were only eight years old
And I had just about turned nine
I thought that life was always good
I thought you always would be mine
It started with a kiss
Never thought it would come to this
It started with a kiss
Never thought it would come to this
I remember every little thing like fighting in the playground
'Cause some good looking boy had started to hang around
That boy hurt me so bad but I was happy 'cause you cried, still
I couldn't help but notice that new distant look in your eyes
And then when you were sixteen
And I had just turned seventeen
I couldn't hold on to your love
I couldn't hold on to my dreams
It started with a kiss
Never thought it would come to this
It started with a kiss
Never thought it would come to this
You don't remember me, do you?
You don't remember me, do you?
Walking down the streets came the star of my love story
And my heart began to beat so fast, so clear was my memory
I heard my voice cry out her name and as she looked and looked away
I felt so hurt, I felt so small and it was all that I could say
You don't remember me, do you?
You don't remember me, do you?
You don't remember me, do you?
It started with a kiss
Never thought it would come to this
It started with a kiss
Never thought it would come to this
