

# Bombscare

## The Selecter

I hear an urgent message  
From a panicking voice  
Start moving your feet  
Get out into the street

There's been a bombscare  
An unattended bag in the corridor  
Looking innocent  
But we're all unsure

There's been a bombscare  
If this is a joke it's not funny to me  
My heart clocks the seconds and my shoes are loose  
Is someone out to get me

Or is someone making headlines for the 9 o'clock news  
Bombscare  
Girl in the office  
Shoppers down in the street  
Do you care, do I care  
Now we're living in fear

There's been a bombscare  
The unattending hand  
Plays a bitter game  
A faceless choice  
Kill or maim

This is a bombscare  
Whoever you are now you've gone too far  
You're not fighting for them, you're not fighting for me  
Shatter glass, shut us up, cut us up brick it up, break it down  
Your good reasons mean nothing to me

Now you're scared  
Automatic printout brings the numbers and news  
Telephones are calling, but the lines are dead

Is it the IRA or the SAS  
All you can do is stand and guess  
Right in the east

And down in the west  
People them a wonder

A who a the best  
Lord, cho, let me tell you is a  
Bombscare

For dis ya world is a bombscare
