

Spit

Sepultura

[Incomprehensible]Hate them, hate them
Live your farce
Same thing, same way
Karma will come, ohAsk me no questions
Tell no lies
Ask me again
I spit in your eyesLive your life
Leave me alone
Live your life
Leave me aloneFace me, face me
Feel the cut
Open sore
Always bleedingLive your life
Leave me alone
Live your life
Leave me aloneSpit
Spit
Spit
Spit
