Miracles - Kirk Franklin (Loosing My Religion) Verse 1

I've seen God do miracles today
I mean things that i can't explain
Like flooding me with grace
Standing before me

Blessing every step i take I've seen God do miracles in me

Things that don't change easily
It was hard but you were
patiently preparing me

I've seen God do miracles Verse 2

I've seen God do miracles today
They come in so many ways
Like the sunlight on my face
or the debt of sin i

could not pay that's been erased I know there are some who doubt it

Life don't let them think about it
but us, we cannot live without it

He's everything i need I've seen God do miracles today

I've seen God do miracles today The next time life's winds and waves

washes all your faith away

know God can still do miracles today Chorus

My Life is a miracle

Can't deny it, I'm a miracle

Oh the price for my miracle

Nails in his hands & his feet for me

To be free, that's a miracle

Can you believe it, I'm a miracle

I know waiting ain't easy for your miracle

Don't give up your seat, it's amazing My whole life is a miracle

Can't deny it, I'm a miracle

Oh the price for my miracle

Nails in his hands & his feet for me

To be free, that's a miracle

Can you believe it, I'm a miracle

I know waiting ain't easy for your miracle

Don't give up your seat----tThe next time life's winds and waves

washes all your faith away

know God can still do miracles today
