Love Song #2

Meshell Ndegeocello

la la, la la la
so happy i'm here
la la, la la la
la la, la la laborn on a black star
i've come so far
to give you Love
beautiful,
beautiful Love
beyond the stars
is where i'm from
come with me
we can live in Lovei come from a world made of Love
i wanna take you there
i come from a world made of Love
i, i wanna take you there
we can fly, butterfliesdon't leave
stay
stay with me
say you Love me
look in my eyes
"i Love you"
yeah, i just wanna Love you
with beautiful,
beautiful Lovemade of Love
i wanna take you there
i come from a world made of Love
i wanna take you there
we can fly, butterflieswe can fly
butterflies
come with me
we can fly
butterflies
we can flycome to me
we are the sun...
