## **Everything's Alright (Music Box)**

## Laura Shigihara

Short steps, deep breath Everything is alright Chin up, I can't Step into the spotlight

She said, "I'm sad,"

Somehow without any words

I just stood there

Searching for an answerWhen this world is no more

The moon is all we'll see

I'll ask you to fly away with me

Until the stars all fall down

They empty from the sky

But I don't mind

If you're with me, then everything's alrightWhy do my words

Always lose their meaning?

What I feel, what I say

There's such a rift between them

He said, "I can't

Really seem to read you. "

I just stood there

Never know what I should doWhen this world is no more

The moon is all we'll see

I'll ask you to fly away with me

Until the stars all fall down

They empty from the sky

But I don't mind

If you're with me, then everything's alright If you're with me, everything's alright
