

# Everything's Alright (Music Box)

[Laura Shighihara](#)

Short steps, deep breath  
Everything is alright  
Chin up, I can't  
Step into the spotlight  
She said, "I'm sad,"  
Somehow without any words  
I just stood there  
Searching for an answer When this world is no more  
The moon is all we'll see  
I'll ask you to fly away with me  
Until the stars all fall down  
They empty from the sky  
But I don't mind  
If you're with me, then everything's alright Why do my words  
Always lose their meaning?  
What I feel, what I say  
There's such a rift between them  
He said, "I can't  
Really seem to read you. "  
I just stood there  
Never know what I should do When this world is no more  
The moon is all we'll see  
I'll ask you to fly away with me  
Until the stars all fall down  
They empty from the sky  
But I don't mind  
If you're with me, then everything's alright  
If you're with me, everything's alright
