

# Down When I'm Loaded

## Oleander

Who is to blame for the way that you are  
The things that you say and all the things that you do?  
Who is to blame for the way that you feel  
The way that you're living and the way that you deal?Who is right when everyone is wrong  
Was it fate that brought you here against all your wishes?  
Who is to blame for the way that you are  
Was it parental supervision or the lack thereof?I get down when I'm loaded  
Down when I'm loaded  
Oh, I get downWho is to blame for the reasons you feel  
Like it's an all or nothing kind of situation?  
Who is right when everyone is wrong  
Was it fate that brought you here against all your wishes?Its the sound of super sad  
Oh, oh it's the kind of shit that makes me angry  
Oh, you're bad, oh wasting your time, your irresponsibilityI get down when I'm loaded  
Down when I'm loaded  
Oh, I get downYeah, yeah, so educated, soI get down when I'm loaded  
Down when I'm loaded  
Oh, I get downI get down when I'm loaded  
Down when I'm loaded  
Oh, I get down
