

# Neither Here Nor There

## Eleisha Eagle

For long I was a leaf  
I clung to the branch of a dying tree  
Turning rhythm, turning home  
But I made the best of the rest that I'd go  
Until one day, gave up on that  
begging for water he couldn't throw back  
I wished him well  
His well was dry

I floated down to the river  
I'm hoping a sound that the soul was delivered  
And no, the way he started to flee  
He wouldn't belong to the river or me

The secret of life  
now I've got the key,  
I've got the key,  
I've got the key  
but I can't find the lock  
so it's no use to me

La Dee Da Da Da  
I'm not worried  
La Dee Da Da Da  
Happen to care?  
La Dee Da Da Da  
I'm happy though I'm  
Neither here nor there  
I'm neither here nor there

I followed the trail of a snail and it led  
Down to the banks of the river bed and oh  
It shimmered when the light hit it  
but that's not the point,  
and I'm scared that you miss it

See, it doesn't matter  
How long it takes  
How long it takes  
How long it takes

I'm getting further every single day

La Dee Da Da Da  
I'm not worried  
La Dee Da Da Da  
Happen to care?  
La Dee Da Da Da  
I'm happy though I'm  
Neither here nor there

Now I have danced with many who'll be  
Deep in the closet to peek  
But I no longer see them  
I don't need them  
I don't need them

La Dee Da Da  
La Dee Da Da Da  
La Dee Da Da Da  
I'm happy though I'm neither here nor there

La Dee Da Da Da  
I'm not worried  
La Dee Da Da Da  
Happen to care?  
La Dee Da Da Da  
I'm happy though I'm  
Neither here nor there  
Neither here nor there

La Dee Da Da Da  
La Dee Da Da Da
