

Believe In Us (feat. Bobby Ross Avila)

Mint Condition

Feel, I want you to know
You're more than beautiful
You know I see you 'cause you know I like it girl
You don't have to check on me
'Cause with you is where I wanna be
If it's what you want you better show me baby girl
Girl you believe in us, like I believe in us?
Do you believe in love Like I believe in love? Love, do you believe, could you believe in us?
Could you believe in trust, like I believe in trust?
Could you believe in god, like I believe in god? (Do you?)
Do you believe, could you believe in us? Won't you just take my hand
And let's start making plans
I wanna share, share the world with you girl
You should put your trust in me
It's the only way you'll see
Then I'm one-hundred, gonna make you feel secure
Girl, d'you believe in blunts, like I believe in blunts?
Do you believe in love like I believe in love? Do you believe, do you believe in us?
Could you believe in trust, like I believe in trust?
Could you believe in god, like I believe in god
Do you believe, could you believe in us? I know you're, in all-in girl
And I'm ready to fall right in girl
I know you've heard, this before
But this is different, cause girl I love you more
Faith I see, no reason, why we don't stop this season
Where you wanna go, I can take you there
If you open up, I can show you how I care
Wanna show you how I care Could you believe in us, could you believe in us?
Like I believe in us (Do you believe in us?)
(Like I believe in us) Do you believe, could you believe in us?
Could you believe in trust, Like I believe in trust?
Could you believe in god, like I believe in god? Do you believe, could you believe in us? I know you're, an all in
girl
And I'm ready to fall right in girl
I know you've heard, this before
But this is different, cause girl I love you more
Girl I see, no reason, why we can't stop this season
Where you wanna go, I can take you there
If you open up, I can show you how I care
