

Man's Search for Meaning

Acrania

It's so hard
Man in search for meaning
Man in search for hope
With Nothing to hold onBut who cares?
This fragile existance
How to keep a healthy distance,
From inside to outside?I'll Leave behind
Faith in future or previous life
My hope, my will, my pride
The best among us will not
Come backHe who has a why to live for, can bear almost anyhow
When last resistance fails
The last freedom remains
The freedom to choose the attitude to face the painWhen the tide goes down
Unfortunately it reveals
All the reef of crap that forms and hides the human beingChorus
Man's revelation
Vacate your empty self
And never let life make you so hard as others
Exhaust all the bullets without even saving the one that
Kills you
Our existance
Our bare existance remains
Remains remains remains remainsRemains of life
Honor the present remind the past
To forgive is not the same as to justify
Do not justify yourself
Our existance, our bare existance
One, one, nine, point, one, zero, fourFuck off!!!
Your Word and your laws
Always one decides what one is
Always one decides what to live forShut up!!!
I speak, Its my turn
No one has the right to do wrong
Not even when you have been hurt.The pain is gone
Alter all the suffering, no fear
There is no God to Judge
No guilty, no blame
How uncertain are human decisions

Homeostasis!!!I'll remember the smiles
Nobody can tear of the past but stories never go back
After this borrowed time
Memories leave behind

The fear, the sky, the pain, the hope, the darkHe who has a why to live for, can bear almost any howMan's
revelation

Vacate your empty self
And never let life make you so hard as others
Exhaust all the bullets without even saving the one that
Kills you
Our existance
Our bare existance remains
Remains remains remains remainsRemains of life
Honor the present remind the past
To forgive is not the same as to justifyDo not justify yourself
Our existance, our bare existance
One, one, nine, point, one, zero, fourThere's just one life
There's no hell no heaven
