A Time For Love

Shirley Horn

A time for summer skies
For hummingbirds and butterflies
For tender words that harmonize with love
A time for climbing hills
For leaning out of windowsills
Admiring daffodils above
Admiring the daffodils above
A time for holding hands together
A time for rainbow colored weather
A time of make believe
That we've been dreaming of
As time goes drifting by
The willow bends and so do I
But all my friends whatever skies above
But oh, my friends whatever sky above
I know a time for spring
I've know a time for spring
A time for fall but best of all
A time for love
A time for holding hands together
A time for rainbow colored weather
A time of make believe
That we've been dreaming of
As time goes drifting by
The willow bends and so do I
But all my friends whatever skies above
I know a time for spring
A time for fall but best of all
A time for love
