

# Wrote a Song About You

**MNEK**

Baby, baby, baby, I wrote a song about you last night  
It had the strangest melody  
I wrote a song about you last night  
And it went a little something like  
La la la, you broke my heart in two  
I don't know what to do, you've got me so confused now  
Baby, I wrote a song about you last night, ohSitting in this empty room  
Telling myself I'm over you  
I'd rather be alone than lonely, wonder if you're thinking of me  
Well, do ya?  
Time has passed for someone new  
Look at what you've put me through  
I'd rather be alone than lonely, wonder if you're thinking of me  
Well, do ya?Baby, baby, baby, I wrote a song about you last night  
It had the strangest melody  
I wrote a song about you last night  
And it went a little something like  
La la la, you broke my heart in two  
I don't know what to do, you've got me so confused now  
Baby, I wrote a song about you last night, ohI was lost in the melody  
Found in the memories  
Just say you love me, I'll believe it, you don't even have to mean it  
It's all I wantEvery time I look around, I sit and wonder  
Where did you disappear?  
My thoughts are no longer a capella but it doesn't seem to matter  
Cause I feel you here, I feel you hereBaby, baby, baby, I wrote a song about you last night  
It had the strangest melody  
I wrote a song about you last night  
And it went a little something like  
La la la, you broke my heart in two  
I don't know what to do, you've got me so confused now  
Baby, I wrote a song about you last night, ohBaby, baby, baby, I wrote a song about you last night  
It had the strangest melody  
I wrote a song about you last night  
And it went a little something like  
La la la, you broke my heart in two  
I don't know what to do, you've got me so confused now  
Baby, I wrote a song about you last night, oh
