Satan Wants Me Dead

Fire Engine Red

Oh goodness me, I've got a price on my head
Oh goodness me, Satan, yeah, he wants me dead
Oh goodness me, he's putting thoughts in my head
Oh goodness me, I'm being tempted, oh yeah
Oh goodness me, no ones exempt, oh yeah
greater is He, that is in me, oh yeah
when I'm alone and cant find a partner
when I'm alone and tempted by sin
when I'm alone I pray to my Savior
Greater is He who is in me then he whose in the world
Greater is He who is in me, God of love, yeah
Jesus Christ He protects me, oh yeah
take His advice, wont ever let you down
call His name, Satan cant stay around
when your alone and tempted by sin
when your alone reach out and pray
never alone Gods always there
Greater is He who is in me then he whose in the world
Greater is He who is in me, God of love, yeah
Oh goodness me, I'm being tempted, oh yeah
Oh goodness me, no ones exempt, oh yeah
greater is He, that is in me, oh yeah
when your alone and tempted by sin
when your alone reach out and pray
never alone Gods always there
Greater is He who is in me then he whose in the world
Greater is He who is in me, God of love, yeah
