

Only the Giving

A Telemetry

led to the water
deep within the ground
you drink in darkness
and feel you can't turn around

fate has left you dry
honor you can't buy

only the giving
makes you feel right
only the giving
will bring you home tonight

overtaken by rage
time - time again the same
heart smoldering
then ignited to a flame

time has flown you past
nexus breaks at last

shadows lift - you see clear
the path it lied so near
