Heart Shaped Locket

Stumbleine

She's got all the moves,
She's got nothing to prove,
She's so cold, so smooth,
Her needle fits the groove.

She's everything she forgot to be,
At twenty-three,
She's hot, she's cold,
She's just so clinically,
Cynically.

[Chorus]
Who's the girl with a heart shaped locket?
Sole survivor of a post-teen scene,
Lights me up like a bottle-rocket,
Cleopatra meets Sandra Dee,
Yeah, that girl's gonna ruin me.

A plaid pleated skirt,
And a Carpenters t-shirt,
Couture, demure,
Not just another small-town flirt,

She's everything she forgot to be,
At twenty-three,
She's hot, she's cold,
She's just so clinically,
Cynically.

[Chorus]

[Repeat: x4]
Who's the girl with a heart shaped locket?

[Chorus: x2]

Who's the girl with the heart shaped locket
